

## Job Announcement: Groundwater Model Project Coordinator

The NRDs involved with the Elkhorn Loup Modeling (ELM) Study are taking applications for a project manager. The position is full time during the length of the study (with the possibility of working into a full time permanent position) based out of Ord, Nebraska. We are looking for a highly motivated individual responsible for the day to day management of staff and multiple projects as well as being the liaison for all the involved NRDs and their Boards. The role will involve both independent and team project management on a range of projects. Qualifications include a Bachelors degree in Hydrology, Natural Resources or related field. Experience is preferred, however not required. Other requirements include a keen sense of observation, the ability to work systematically and accurately and the ability to communicate effectively verbally and through written reports. Perform advanced and/or supervisory hydrological work plus have a good working knowledge of various computer applications and mapping programs such as GIS / Arcview, etc. Work involves planning, coordinating and overseeing the execution of technical projects; preparing designs, plans, estimates and calculations; overseeing inspections; and collecting data. May plan, assign and/or supervise the work of others. Works well under limited supervision with considerable latitude for the use of initiative and independent judgment. Some out of town travel is required. Salary range is \$45,000+ depending upon experience. The ELM group is an equal opportunity employer. Resume, college transcript, list of references and job application (obtained from Lower Loup NRD) to be sent to: The Lower Loup NRD, 2620 Airport Drive, P.O. Box 210, Ord, NE 68862. Phone 308-728-3221, Fax 308-728-5669, email Russ at [rcallan@nctc.net](mailto:rcallan@nctc.net). Due date for applications is Friday August 31, 2007.
