Adventure Camp about the Environment

Hosted by Nebraska's Natural
Resources Districts

Sunday, June 7th

to

Wednesday, June 10th

2020

Four days of exploring, learning,
and outdoor fun at the State
4H Camp in Halsey, NE

Camp Information

This camp is for kids who have completed 6th, 7th, and 8th grade in the 2019-2020 school year.

Dates & Location: June 7th-10th, 2020, at the State 4H Camp, Halsey NE.

Arrival & Departure: Arrive at 4:00 PM CT on Sunday, June 7th. Camp ends at 2:30 PM CT on Wednesday, June 10th.

Transportation to and from camp will be the parent's responsibility. Please arrive promptly with your campers. Check in will begin no earlier than 4 PM CT.

Camp Cost: The cost of camp is \$215*. The fee along with the registration form is due to the ULNRD no later than Friday, May 22, 2020. Once the registration form has been received, additional information will be sent back to registered campers.

**Check with your local NRD about receiving a scholarship to attend camp. You must reside in the District where you are applying for a scholarship.

Meteorology

Are you fascinated with tornadoes? Is lightning electrifying? Come and learn from a National Weather Service Meteorologist about severe thunderstorms that impact the Sandhills Region of Nebraska. We will bring along our tornado machine and lightning generator, but careful, some say the lightning generator is shocking!

Soils

Conduct a fun filled lab focusing on various kinds of erosion common to soils in a variety of situations!

Archeology

Try your hand at being an archaeologist! Discover ancient items by excavating and deciphering your findings! Learn how to survey sites like the pros

Water

Water is one of the most important natural resources. Jump in the Middle Loup River and learn about water quality and aquatic macro-invertebrates firsthand! Beats any classroom science class!

Experience the exciting adventures of camp at Halsey including: tubing, fishing, zip line, atlatl throwing, and more!

Range

Rangelands cover 45% of Earth's land surface. Campers will learn about different aspects of the ecosystem as well as how they relate to rangelands. Prepare for an energetic activity as campers will get to explore the Nebraska Sandhills.

Forestry

Tour the Bessey Nursery and check out the seed bank, coolers and greenhouses. Learn about transplanting seedlings and get your very own plant!

Wildlife

With the aid of two native Nebraska owls, campers will learn about predator/prey relationships, adaptations and dig into owl pellets, providing an up close view of raptors that many never get the opportunity to see!

Entomology

Thousands of species of insects reside in our state of Nebraska. Explore the camp and see what species you can find during the entomology session!
