

# Special Topic Question Study Guide 2018:

## Students need to study:

- Patch burn grazing systems and material from Oklahoma St. University.
- Fire Ecology in grasslands, rangelands. Why would we burn in Nebraska? How does it help with things like plant and animal diversity, invasive species, water resources, and the environment as a whole?
- Thoroughly study the “Special Topic 2018 Envirothon Subjects” link on the Envirothon page.
